Art Unit: 1641

1) The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2) Claims 28-39 are rejected under 35 USC 101 for the reason set forth in paragraph **3)** of the June 03, 2002 Office action. Applicants' statement in the September 03, 2002 response is noted. This rejection is maintained as a provisional double patenting rejection.

3) Claims 28-39 are rejected under 35 U.S.C. 112, first paragraph, for the reason stated in paragraph **5)** of the June 03, 2002 Office action.

Applicants' arguments filed September 03, 2002 have been fully considered but they are not persuasive. Applicants appear to have misunderstood the basis of this rejection under 35 USC 112, first paragraph. Applicants make the statement that "the claims are now limited to specific rapamycins, which the Examiner has noted are enabled". (It is noted that the current claims 28-39 are of the same scope as the previously pending claims 15-27, i.e. the scope of the claims has not changed with the current amendment.) The claims, in fact, are limited to monoclonal antibodies having specificity for certain rapamycins. The claims say nothing about how the monoclonal antibodies are prepared. The rejection is made based on the fact that the specification provides enablement only for the preparation of monoclonal antibodies using specific immunogens (see paragraph **5)** of the June 03, 2002 Office action). The issue of the specificity of a monoclonal antibody (i.e. what moiety it binds to) is different than the issue of enablement for the preparation of the antibody. Applicants have not addressed the latter issue.

4) Applicants' amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date

Art Unit: 1641

of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
